

THE "BULLET-IN"

A NEWSLETTER FOR THE MEMBERS OF
OAKDALE GUN CLUB - ESTABLISHED 1964
EDUCATION - COMPETITION - FAMILY FUN

Volume 57

May 2021

Issue 05

SPECIAL NOTES:

ATTENTION MOTORCYCLISTS

Because of our past multiple lightning strikes and the age of our electronic gate, the weight of a motorcycle will not trigger the sensor pad to exit the club. Unfortunately, this can not be fixed. Sorry for any inconvenience

Membership Badged have been sent

The 2021 badges have been mailed as of a few days ago, and if people haven't gotten them or there are any issues with their badge Please contact security, so we can make sure the addresses are correct.
Contact Patrick McNeil
Security@oakdalegunclub.org

200-meter range note

The 6"x 6" timber at the underside of the steel target frame is showing evidence of a practice that needs to stop.

Please DO NOT staple targets to this timber. The more it is chewed up with bullet hits, the more dirt from behind the timber migrates under and out from under the timber. Soil erosion in the bullet impact area behind the normally positioned target is a big enough problem without adding to it with this unacceptable target placement practice.

Thank you for your cooperation!
Tom Acheson-Chief Match Director

President's Notes May 2021

Your Board of Directors is alive and well. We have been meeting monthly through Zoom online meetings, emails and frequent phone conversations. The activity level is high.

Thanks to the aggressive actions by our Marketing Director, Gail Angone and her group, architectural drawings have been established for indoor toilets located in the storage area of the classroom building. Bids will be next and hopefully we will see new indoor toilet facilities soon. To offset the loss of storage space for clay birds, a storage building on the trap range is in the works.

Walkways and parking facilities to facilitate wheelchairs and walkers on the club's property will be added shortly. Additional cameras and updated security systems have been put in place in the past couple months. An active youth program has been implemented by Mr. Derosier, where a significant number of instructors have been trained and scores of youths have passed through his training programs already.

By the time this is printed the water should have been turned on and the flush toilets installed in the existing facilities.

The Governor has relaxed some of his restrictions on group sizes on indoor and outdoor activities but masks and the six-foot spacing remains.

Tom Mader
President OGC

Getting to know your OGC Board Members

Continuing our series on “Meet you OGC Board”

Gail Angone, Marketing Director OGC

1. Tell us a little bit about yourselves beyond your position on the OGC board? I grew up in Illinois. I am the youngest of 5 siblings and have dozens of nieces and nephews. I transferred from 3M in Illinois to 3M Minnesota in 1997. Positions I held during my 3M career included supply chain software trainer, internal auditor and IT Analyst. I also obtained my degree in Organizational Management through 3M.

2. What activities besides shooting sports are you interested in? I’m an avid reader and started a book club 5 years ago which I really enjoy. I also enjoy painting with watercolor or acrylic. Now and then I do volunteer work at our local food shelf.

3. What is your favorite aspect about being part of the OGC? I truly enjoy our club. I’ve made many friends and it’s become a big social part of my life. I’m part of the Novice Trap team and coach new shooters. The look on their faces when they finally hit a bird is priceless.

4. What is one thing most people do not know about you? Some things people may not know is that in my younger days I played 1st base on a women’s softball league. I also played volleyball and racket ball.

5. As part of the Board, what do you hope to accomplish for the members? As Marketing Director, I have a lot I want to accomplish in promoting our club in the community. We’ve already established a new professional presence at the MWCA gun shows and in Lake Elmo at the National Night Out event every year. I’d like to establish other events we can attend in the community to promote fire-arm safety through our classes and on our ranges.

OGC April Board Meeting Minutes

OGC Board Meeting APRIL 14 2021

Meeting opened at 7pm

Board members present were Tom Mader, Thomas Baker, Duane Wilhelm, Bill Gacki, Charlie Ames, Tom Acheson, , Dean Cody, Dave Duepner, Gail Angone, Thomas Schaeffer, Daryll Olson, Terence Derosier, GM Teresa Reiter Tom Etzel and Patrick McNeil. Herb Owen also joined late.

We can possibly meet next month in-person.

GM will be out for several months.

Badges: majority sent out. Badges should be completely sent by next week. The color this year is green.

RSO: Need to publish the rules on RSO. Have had a problems in the past with people leaving early. They need to know they will be there for the full 9 hours. Patrick noted that trap training had a DVD that works and RSO training should have DVD also. Terry D volunteered to help get RSO training. Tom M would like on-line presentation for RSO training. Patrick indicated Teresa does an amazing job with RSO training. Tom indicated this should be under Charlie, (Chief Instructor) for this. Kudos to Terry D on updating the FAS field area training that will allow the Short Range to be used with FAS training in progress. Terry did a great deal of work on the new Field test area.

Future policy on range rental: we don't have good control on safety when renting a range. Patrick indicated we should stay away on renting range to private party. Discussion followed on renting the range problems This was because of the request for 4H to rent the range. There was also a request by member to rent range for a match. The real question was are we opening up greater liability by outside rental? Bill indicated we have one million in liability. Bill also was questioning the infringement on members being able to use a range and we should curtail range rental. Bill also indicated he felt the one million would not be enough if there was a problem. Tom M was going to discuss the liability issue with Bill at a later date. Tom S indicated he would like to see a plan before a range can be rented. Tom A indicated there is a procedure in that a plan for range use must be submitted to him and he and Security must OK the plan before use. Tom A made a motion that we limit range rental to youth and similar type organizations and not allow outside entities or private parties by club members. Seconded by Patrick, Discussion followed by other Board members. Tom M polled the Board and all members agreed with the motion. Motion passed.

4H rental: for the first time there was a contract submitted by University of Minnesota for 4H range rental. Discussion followed by several Board members about this new contract issue. We never charged the 4H for their range use. Tom M made motion to not sign any contract with University Minnesota for 4H but will deal with 4H as we have in the past Seconded by Bill with majority voting aye. Question was made on the current waver we have for everyone on the range. After much discussion Patrick volunteered to work with the lawyers on a new contract for club liability.

Range Rental: Current \$150 for half a day and \$300 for full day. The 4H wanted 11 nights with 3 ranges (trap, 25yard and Comp) Tom B made a motion for \$200 for a half day and \$400 for a full day no exception, trap range is not included in this schedule. Seconded by Patrick. Lots of discussion followed on our current range use/rental. The vote was tabled until next month pending talking to 4H. Fee will be set in September for the following year

Email use: Board members questioned the use of Email to vote on issues. Email is a good medium as there is a record of what happened. We have done it at least 3 time in the past. Per Tom M there will be no formal policy set as yet.

OGC April Board Meeting Minutes (Cont.)

Hudson Highschool shooting: They want to start right away. Tom A will contact Hudson and let them know about the rate increase for next year. They want use of the 25 yard range from 4-6:30PM for 12 nights. They have sent in paperwork and it is OK.

New members: Have had problems in signing up new members. They submit the form to join but don't show up even if they have signed up for a training session. Tom M made a decision to not accept anyone in the middle of the year for new membership. Need someone to create a policy for new members. Let Tom M know.

Wet Toilets: Have \$6000 approved for drawing and engineering and looking at the well. So far \$1000 to \$1500 to get official drawings. Looking at possible permits needed. Will bring in people to look at waste tank and well and distances.

Water: Dean will turn on water and get toilets switched over in the next two weeks.

GM: Terry commented on her surgery May 14. She will be out for about 2 months she should be able to get Email at home. John Krinke, Bill and her will be work together to pick up the U.S. Mail.

ADA: Herb is in contact with number of people for drainage issue at the club. Had a question about being insured for the work contracted on range. Bill will be looking at it. Herb indicated class 5 is not a mandate to use on the range for the trails. Most important is to have a good foundation for whatever is used. He purposes using recycled class 5 which is cheaper. Discussion followed about using the correct stuff. There may be a problem with driving vehicles on the range where the ADA trails are.

Patrick: Cameras set up for trap 2 and 3 by Lloyd. Electrician will be going over the electric on the ranges in the next 2 to 4 weeks to make the cameras more secure.

Newsletter: Will put RSO hour's policy in newsletter. Also member guest policy Newsletter items are due by April 22.

Terry D: Family event: after tonight discussion some doubt about holding the family event. Since he started the job has worked 20 to 30 hours per week since January. Had 55 students trained in FAS in March. Had 16 instructor trained in FAS last month. This month trained 67 FAS students. 11 FAS instructors met for the field day. 21 parent volunteers to escorted groups. Did lots of Bob Cat work on field course and parking lot using a lot of his own equipment. Spread wood chips on the field training paths to eliminate students slipping during use. He has a vision for the improvements to perpetuate the club He believes the future of the club is thru youth and families.

Trap Building: Daryll, had bid for \$35,000 for bird storage, ammo storage and small office building so far.

Motion to adjourn Meeting adjourned. 9:05PM

Duane Wilhelm, Secretary, OGC

Legislative Update

I am writing this after watching the Minnesota House session on the Public Safety Omnibus Bill. The good news is no gun control measures were added into the bill. But with the good, there is always the other side. No pro-gun measures were added to the bill either. There were at least 12 pro-gun amendments introduced and the opponents used parliamentary rules to assure that those amendments did not get a vote. All were determined to be not germane to the Public Safety bill. The bill was passed by the House and will be referred to conference committee to work out the differences between the House Bill and the Senate version.

I'll be watching for the conference committee schedule and will update the membership as more information becomes available.

Send me an email with any questions or suggestions.

Dave Duepner
legislative@oakdalegunclub.org

Glock Match & Volunteers needed

May 21—23

The GLOCK Sport Shooting Foundation (GSSF) is a safe, fun, family-oriented organization devoted to the responsible use of GLOCK firearms and encouraging participation in shooting sports. Competitions are held across the United States to provide opportunities for shooters of all skill levels and experience to compete together in simple, but challenging courses of fire. Oakdale Gun Club has sponsored GSSF matches since the early 1990's. We were one of the first gun clubs to host the matches and have the record for the longest contiguous host at the same location. This event brings in visitors to the range from all over the country and is a great showcase for our club. For more information, please check out the match information and range officer information at the following location: <http://www.gssfonline.com/range-officer.cfm>

We are still about 4 - 6 ROs short of what we 'ideally' could use to support the upcoming Glock match, It is a fun days of range safety officer time that can help promote the shooting sports.

For information and to volunteer please contact:

Jim Finch
Glock Match Director
jefinch@hotmail.com

RANGE RAMBLING—EVENTS

ENTER NOW!

2021 POSTAL MATCH ENTRY FORM

BELOW PLEASE FIND THE 2021 POSTAL MATCH ENTRY FORM. THE POSTAL MATCH IS OPEN TO ALL OGC MEMBERS AND THEIR FAMILIES FOR AN ENTRY FEE OF \$5.00 PER EVENT. PLEASE FILL OUT ONE FORM FOR EACH SHOOTER, INCLUDE A CHECK MADE OUT TO OGC AND MAIL THEM TO MY ADDRESS BELOW BY JUNE 15, 2021. SHORTLY AFTER I RECEIVE YOUR ENTRY FORM AND CHECK I WILL MAIL YOU YOUR TARGETS AND INSTRUCTIONS FOR YOUR EVENTS.

IF YOU HAVE ANY QUESTIONS PLEASE FEEL FREE TO CALL OR WRITE ME AT THE ADDRESS SHOWN BELOW.

2021 Introduction to Firearms for Women

Please Note: This class may be cancelled due to COVID-19 Restrictions. Due to safety reasons, it's completely impossible to keep the social distancing of a 3-6 foot space between the students and Instructors for both Sat. "hands on" session and live fire range session.

Do you want to learn about handguns, rifles and shotguns?

This 1 evening + 1 day informational workshop, taught by certified safety instructors, is a way for Women to get their basic questions about firearms answered in a safe, friendly, casual, women-only classroom environment.

Note: Instructors include both Female and Male.

The workshop consists of one evening and one full day: evening is classroom discussion and presentations, and Saturday morning is "hands on". Then experience an afternoon of live fire range time on Saturday afternoon.

You do not need to have any previous shooting experience to take this class or own a firearm.

A wide variety of firearms will be provided at no extra cost for those who wish to try them during the range session. This course neither promotes the ownership of firearms nor will any firearms be offered for sale during the course. This class is open to the public. You must be at least 18 years of age to take this class, unless accompanied by a parent. Other restrictions may apply.

The cost of this course is \$50.00 (includes: class materials, firearm rentals and ammo) and must be pre-paid to hold your registration.

The class is limited to 25 women on a first come basis.
This class is only held once a year.

The 2021 Class has been scheduled.

Wednesday June 16th from 5:30 pm to 9 pm in the classroom at OGC

Saturday June 19th from 9:00am-12:00pm "hands-on" in the classroom with lunch 12p-1p (you may bring your own or leave for lunch) then 1:00 pm to 5:00pm shoot one-on-one with instructors on the range. Trap shooting will also be offered, weather permitting.

Bottled water, coffee and snacks will be provided.

You must attend both Wednesday evening and Saturday's morning class to be able to shoot on the range Saturday afternoon.

For Registration information or if you would like any other information,

Please contact: Teresa at GM@Oakdalegunclub.org or 651-354-5544

Range Ramblings

American Rimfire Association league

American Rimfire Association

Looking for parties interested in participating in an ARA (American Rimfire Association) bench rest match program at the club. Interested members with experience running official matches would also be helpful. Participants would be firing .22 bolt action rifles' with scopes from 50 yards. Each match lasts 25 min. and utilizes a sheet of 25 separate targets. See example below. See more info on the ARA at: American Rimfire Association We can establish this as an official match or just a fun after work informal league. With the ammo situation these days, .22 is a fun cheap option to still get out and do some shooting.

**Call Scott at 612-598-7696 or
email thecgroup2002@yahoo.com.**

OGC Members are invited to Join the Airgun Matches

How many of you are concerned about sourcing ammo and/or components for a full summer of shooting? How many of you know that we have a nice airgun course right here at Oakdale Gun Club? We shoot a game called Airgun Field Target which is similar to archery field target. Our targets made of steel and are called "reactive" because when you make a good shot, the pellet passes thru a small hole and trips a mechanism causing the target to fall backwards. Believe me it's much more satisfying than punching holes in paper! And pellets are cheap and available! The best way to find out more info is to come to one of our matches. We shoot on the second Saturday of each month. Our first match this year is on April 10. The morning will probably be spent getting the course ready after the long winter but there will be some shooting in the afternoon. Come on out and see what it's all about! If you have a pellet gun (.177 or .22) bring it along. We're located east of the handgun range and we're looking forward to seeing you in May! Questions?

Contact John at 651-447-3160 or john.ross510@yahoo.com

John Ross

MAFTA Airgun Program Director

Three Position Rifle Matches

These matches develop proficiency in firing for score in the sitting, kneeling and standing positions. Any repeating rifle, rim fire or center fire qualifies for use. There are no requirements or limitations to equipment. Any sight, any action, any modification is allowed. The challenge is for the shooter to excel in these positions which is typically not dependent on equipment at the amateur level. The match is comprised of 50 rounds at 50 yards; 10 rounds slow and rapid fire sitting, 10 rounds slow fire kneeling, and 10 rounds slow and rapid-fire standing. Low velocity jacket or cast bullet reloads are suggested for reduced cost and recoil. Score your own targets. Brag to your friends and family and vow to do better next match. Because this is an "any gun" match, there are no competitive classes. Rotate between different guns during the season if you wish. Matches are the first and third Wednesdays, April through September. Open practice at 5:00 pm, match starts about 6:00 pm and last about an hour. Match fee is \$5. In the event of inclement weather (rain or muddy conditions at the range as a result of rain), the match will be canceled.

**For more info about the match or cancellations call
Linda Ruffing (651)731-1714 or Denis LaCroix, (651)488-2615**

Range duty requirements

Service Hours

All Regular and Senior members are required to support the club operations by completing a minimum of **18**

service hours each year. Associate Members are required to complete 9 service hours. Members may choose range duty, grounds maintenance, work parties, competition matches and other miscellaneous club events throughout the year to fulfill the service hour requirements after their first year of membership.

New members (First Year) are required to work two Nine Hour days as Range Safety Officers to fulfill the 18 hours of service.

Exemption from Service Hours

- **Rule of 75:** Combination of your age plus years as a member (minimum of 5 years of membership) equals or is greater than 75.
- **Honorary Member:** If you are age 65 or older and have 10 years of membership.
- **Members who have twenty or more years** may choose to be exempt from service hours but still pay dues.
- **Members on active duty** are exempt from service hours

Exemption from Service Hours

- **MEDICAL:** Members with limiting medical conditions may request a medical exemption from service hours for the current year. Medical requests must be submitted in writing with documentation supporting the claimed medical condition to the Secretary. Limited volunteer work is available for members with physical limitations. Medical exemptions are granted on a one-year basis.

Service Hour Tracking

Members are required to log their service hours on the Service Hour form. Members must complete the date, badge number, last and first name, work description along with start and end time on the form. The General Manager, Event coordinator or Board of Directors must approve the service hours.

Service Hours Opportunities:

- Range Safety Officers [RSO]
- Lead Range Safety Officer
- Lead Trap Range Safety Officer
- Building and Grounds Maintenance
- Gun Shows & Local Events
- DNR Certified Firearm Safety Classes
- Competition
- Gate Guards

Member Guest Requirements

Family Members, Guests and Pets

You are the Range Safety Officer for your guests and Family and are not allowed to be shooting at the same time as they are.

Members of your immediate family consisting of your spouse, partner and children may use the club facilities with you. All family members and guests must sign a waiver every time they use the club with you, unless they filled out an annual online waiver from our website. Although, there is no limit to how many immediate family members you bring, you must supervise your family at all times and they must be physically on the same range as you, arrive and leave with you. During “member only” hours, there is no minimum age limit for a shooter (during public hours, all children under 18 years old must show proof of attending DNR FAS). Children must be well behaved and under control at all times. All children must be directly supervised one on one while shooting. Anyone not shooting or directly supervising, must stay behind the yellow line. All family members must wear hearing and eye protection while on the range. **Reminder:** You are your family’s RSO and are not allowed to be shooting at the same time they are.

During “member-only” hours, you may bring a maximum of three non-family guests at a time. You must supervise your guests at all times and they must be physically on the same range as you, arrive and leave with you. All guests must wear hearing and eye protection while on the range. **Reminder:** You are your guest RSO and not allowed to be shooting at the same time as the guests.

During open to the public hours, your direct Family (spouse, partner and children) may shoot for free on all ranges, BUT must give up their shooting lane immediately if needed for the paying public. This includes both the member and their family. While open to the public, the scheduled RSO’s will be controlling the firing line, therefore the member may be shooting at the same time as their family. A member’s guests (non-immediate family members) must pay to shoot on ranges open to the public. However, the guest may shoot for free on a member only range. **You must supervise your family and guests at all times and they must be physically on the same range as you, arrive and leave with you.**

Pets on the club grounds need to be on a leash or under direct control of the owner at all times. Pets left in vehicles must have water and proper ventilation. Pets are not allowed on the firing line. Pets are allowed in the range house provided they are clean, well behaved and quiet. The twenty-acre buffer area to the east of the range house may be used for exercise and training. Pets cannot stray onto the ranges or adjacent property. Owners must clean up after pets. The authorities will be contacted for any abusive or neglectful treatment of animals.

Want to sell or buy something... or just have a need?...

Submit your AD by **April 23rd** to Newsletter@oakdalegunclub.org. Please include the word '**AD**' in subject line.. **Include your email address/phone # and full Name for contact information.** The ad will run 1 month and must be renewed each month. Include wording for each ad as you want it to appear. Attach **1 Lo-Res picture** as separate file. Multiple Pictures use is space dependent. Ads maybe reformatted to fit available space. Pictures will be resized and resolution reduced to minimize file size.. **~Thank you for advertising~**

OGC STORE IS OPEN

OGC Store is doing the best it can to provide ammo. Unfortunately, Magtech is working on allocations for all of their customers. We have to ration our sales to members. We will be getting more ammo but do not know how much or when. So you should not question the allocation you are given. We received a delivery on Thursday Jan 21 and are rationing them to be fair to all members. Thanks for understanding the problem.

OGC Store Management Inquiries to: Richard Sheffler at rsheffler1@msn.com, 651-983-6171 CELL PHONE
