OGC February Member Meeting Minutes

OGC Member Meeting

Feb 8, 2023

Meeting started at 7:00 PM by President Gail Agnone.

There were 21-members present.

Secretary Report: The minutes of the last meetings (January) were read. There were no corrections. Minutes accepted as read.

Treasure Report: Daryll is on vacation till next month. Gail gave his report for the period of December and January 2023.

Membership: Teresa gave report on the renewal. Still getting renewals postmarked before Feb 1. A Member is using their hours to update our database of the renewal info. So hopefully we will have an accurate database when complete. So far there is about 1100 members renewed.

Scheduling service hours: VP Byron: As soon as we set the Open hours for this year the members will be able to schedule their service hour. An Eblast will be sent out to members to start their scheduling.

Badges: Jack, Received the supplies for badges. Will get a list from Teresa soon of member renewals. Will try to have members pick up new badge covers at the range to save on mailing costs. A note will be placed in the newsletter when a date is scheduled to pick up covers at the range. The cable on the Trap range has been fixed so members are able to use the traps.

Future Sound Study: Previous studies were conducted. One by William Kroll, his follow-up report dated 29 Dec. 2000. Another was conducted in the summer of 2008 by Perez. And another by Perez more recently. After contacting potential firms, we would walk them around the property and then ask them to produce a proposal. We would require them to make a presentation @ a BOD meeting. We would have lots of question. Best time of year, how many simultaneous shooters and where, ambient vs. impulse sounds, etc. Once we are involved in the study, and claim we have witnesses, especially members of the club, we could be challenged by someone saying our results are biased. The club cannot provide sound meters, equipment or personnel. The professional sound evaluation firms must do that, despite our eagerness to be involved and our desire to look knowledgeable. We would have more than one collection of data, including prior years, that will show a level of consistency in results. This makes it more difficult for a plaintiff's sound firm to defeat our sources of data and results. And the sound study consultant, after taking readings, might have some noise reduction suggestions. This subject is tabled for now but the BOD may decide to pursue it at a future date. Tom A.

Picnic: Byron: cost will be \$10 for adults and \$5 for kids. Have selected a vendor for the picnic. There will be baked beans, potato salad, coleslaw hamburgers, brats and dogs. . Adults can select 2 meats and kids 1 meat. The club will provide cake, chips, brownies and water. Pop can be purchased in the machines. Need 8 people to help.

RSO Training: Teresa has scheduled lead RSO training for March 14 from 6 to 8 PM.

President: Gail, looking at Board setting public hours, Also looking at club policies, keys, documents, codes and grant monies. Would like Medical training sessions scheduled for RSO. She would also like to review our insurance needs and any high bills we pay and roof replacement.

Grant Money: Barry Thompson Eastridge H.S. trap coach: Most of the HS trap groups have endowment accounts thru MidwayUSA foundation. There are several Million dollars in these accounts. Open now February 1 thru April 1 for grants anywhere from, \$2500 to \$75,000 for projects. Grants based on benefit to students. Funds must be used in one year. Photos and reports are required for project. These are competitive grants so need to get requests as soon as possible.

Drawing: voted to have two drawings of \$10 each. Winners were #10 Dean Cody and # 3 Shana Patterson.

Motion to adjourn 07:35 PM Meeting adjourned.

Duane Wilhelm, Secretary, OGC

OGC February Board Meeting Minutes

OGC Board Meeting Feb 8, 2023

Meeting started at 7:45 PM by President Gals Agnone
There were 12 Board member present and the GM.

Confidentiality agreement: Tom A. Discussed the agreement that the Board members were asked to sign. There were several questions about the current agreement. The GM and some members did not want to sign the present agreement as written. The agreement went against the Bylaws. Discussion followed and the agreement will be changed to have the Confidentiality agreement agree with the Bylaws. Tom A to make the changes and bring the agreement back to the March Board meeting.

Public Hours: Byron, presented the public hours for 2023. Daily hours will be from 8am to 4PM.
July 8 to September 10 open Saturday and Sunday.
September 15 to October 15 Friday, Saturday, Sunday
October 19 to November 12 open daily
November 18 to November 19 Saturday and Sunday Club closes to the public after Nov 19..

Range finance: Teresa gave a report on the last 5 years of range passes.
Discussion followed on opening on July 8 as there is a new match scheduled for the 100yd.
There will be no change and the club will open to the public on July 8.

Grant Money. Byron looked into DNR grant money. It opens sometime this spring and has to benefit a 501 organization for students. Need to apply this year for project starting next year. We will look at possible projects for a DNR grant.

Legislative: This was discussed in the member meeting.

Medical training. Joel and Troy to set up. This training had stopped due to covid. Gail indicated it is important that the Range officers have some medical training. Also, the Board should have the training. Possibly it could be opened to the membership without getting too large or to fill up a class.

DNR Classes: Joel has Firearms safety classes scheduled for March, May and July so far. He also has scheduled special classes for the online students taking the FAS class.

Classroom: Duane, there is increasingly need to have another classroom for use at the club. The Concealed Carry, Firearm safety, new members, and others are all competing for the weekends the classroom is available. Discussion followed with ideas such as expanding the current classroom to the east, using the basement of the house etc. For now, Dean and others will look at the House basement as a possible classroom to use. The house basement does have an outside access and with some sidewalks and other changes it could be set up quickly. We will need to make sure it meets the requirements for a classroom and ADA access.

Legislation on gun owner rights was discussed. OGC position is to remain apolitical but will provide gun legislation information to its members. OGM wants to maintain its good reputation and standing with the City of Lake Elmo and surrounding communities. It was brought up that the Capital is not really advertising the issues. Members can contact their legislative representations, the MN Gun Owners Caucus, the NRA or the Gun Owners of America for more information.

Motion to adjourn 08:30 PM Meeting adjourned.
Duane Wilhelm, Secretary, OGC
