Items were purchased for our youth programs as well.

Proposed changes/amended changes are enclosed. The Board of Directors will vote to recommend or not recommend the final proposed changes to the Bylaws at the November board meeting. These final recommendations will be posted in the December newsletter and voted on by membership at the annual meeting.

## OGC President Update

### President's Update (continued from page 1)

From: **Leo Philben**

Date: Tue, Oct 17, 2023 at 9:31 PM

Subject: Stillwater Area Schools Bond - Community Information Meeting – October 17, 2023

The meeting was run by Dr. Mike Funk, Stillwater Area Schools Superintendent, along with Mr. Mark Drammerhausen, Stillwater Area Schools Facilities Director. Approximately 30 very attentive and concerned citizens attended the meeting. The meeting began at 6:00 PM, scheduled to run for 1 hour. The last of the attendees left at approximately 7:20 PM.

In his presentation Dr. Funk showed pictorial maps of the proposed 47 acres for a new Lake Elmo Elementary School building at the intersection of 10th Street and Lake Elmo Avenue. Two other Stillwater area schools were also identified in Dr. Funk's presentation.

The topic of the Oakdale Gun Club was raised at the meeting. The presenters handled questions remarkably well. Mr. Drammerhausen made mention to the attendees of his recent tour of the Gun Club facilities, and how impressed he was with the tour and the information sharing provided by the Gun Club representatives.

Firearms safety as a priority attribute of the Gun Club was clearly called out throughout the tour. One citizen attending stated he knew several Gun Club members, and a shared opinion is that our Gun Club is among the most safety conscious gun clubs in the Central Minnesota, Western Wisconsin area.

Mr. Drammershausen specifically addressed the noise abatement efforts on the part of OGC he was briefed on, depicting OGC as being very proactive when it comes to noise abatement.

It was mentioned that the Oakdale Gun Club is home to the Stillwater High School Trap Team, along with seven other area high school trap teams.

For every citizen issue raised concerning the Gun Club, other citizens rose to counter those issues. For example:

Citizen A complained that her kids were home during the COVID19 lockdown and she "always" heard range noise.

Citizen B & C (an elderly couple) stated they have lived in proximity to OGC for over 30 years and they have never heard or been bothered by gun club noise.

Citizen D complained that putting an elementary school in such close proximity to OGC would cause mental health issues among youths attending elementary school.

Citizen E countered that good communications with kids ahead of and leading up to school opening should alleviate fears and apprehensions associated with an elementary school in close proximity to OGC.

In all, I sensed that about half the attendees would vote in favor of the Bond measure and half would vote NO to the Bond proposal.

I spoke with both Dr. Funk and Mr. Drommershausen after the meeting. They are very favorably impressed with OGC.

Best regards, Leo Philben

### ERHS Shooting Sports Team Wraps Fall Shooting Season

Our Raptor Shooting Sports Team recently completed their fall shooting season at OGC. The team consisted of 39 shooters, including 2 shooters joining ERHS from the Minnesota Math and Science Academy. Top gun for the season was Braden Greenberger with an average of 23.5. As we enter the “off” season, some of our shooters will be out at OGC at the trap field on public days to keep their skills fresh before winter. If you see one of our shooters (wearing their gold ERHS shooting vest), be sure to congratulate them on a great fall season! Thanks to OGC as always for hosting our team. See you in the Spring!

GO RAPTORS!

Respectfully submitted,

Dan Jamison

OGC Member & Assistant Coach, ERHS Shooting Sports Team

# OGC October Member Meeting Minutes

## OGC Member Meeting October 11, 2023

Meeting started at 7:00 PM by Vice President Bryan Patterson

There were 33 members present.

Pledge was said.

**Special Meeting:** open Board positions.

Byron opened the special meeting for the open Board positions: Legislative Director, IT Director, and Treasurer. The following special elections were held.

**Legislative Director:** after drawing for speaker position, the following members spoke for 5 minutes listing their qualifications and desire for running for the office: Ronald LeBlac and Eric Osten.

**IT Director:** After drawing for speaker positions the following members spoke for 5 minutes listing their qualifications and desire for running for the office: John Myers, Stephen Archibald and Austin Peters.

**Treasure position:** No member came forward for this position. Open.

After the presentations a secret ballot was taken by the voting members present for the Legislative, and IT director positions. By Majority vote the following were elected. Legislative Director: Eric Osten, and IT Director: John Myers.

It was noted that all members that had applied for the open positions were very qualified.

**Minutes: Motion** made to approve September 2023 minutes with the following **corrections:** on the Board minutes for training exemption, it should read correct name was Dan Jamison not David. Dan came before the board to ask for exemption to the instructor's policy to offer one class in October and use the trap range for about an hour on one Sunday in October of 2023. Published in the October Newsletter for 2023. Seconded, All voting Aye.

**Treasure Report:** Report was given by Byron for the month of September.

**Revenue Committee:** Eric Osten, Mike Heron, Daniel Jamison and Paul Weber volunteered for this committee. They will try to look at ways of creating increased revenue for the club.

### **Proposed Bylaw Changes:**

**1st: Byron Patterson.** Byron indicated his change was to clarify when a member can run for Director positions. Member asked about already having probational status. Byron answered this was to clarify the start date for the member.

**2<sup>nd</sup>: Austin Harris.** Austin indicated he had changes to the Bylaws he had submitted in September. He **added in Article V** terms for enactment of the broadcast. He **added** under change 2 Additions upon looking at the additions.

All members please read the September Bylaw submission and compare them to the October bylaw submission for the changes.

Discussion followed: member asked how the previous votes for Director positions would be held under Austin's new live broadcast meeting. Austin said we might have to do an online poll somehow. Member also asked about how we control who has access to the video. Member asked how we can keep the broadcast secure and what would be the cost. Austin said a few cameras and software would not be expensive. A lot of this has to be worked out as there is not quick answer to easily implement this. Member also asked about how large group of 1300 members would be able to have access. In his experience with this it was a disaster. Austin said there is zoom and others that have large options that are free. Member indicated that in his experience if over 5 people there is a fee paid. Tom Acheson outlined for the group some statistics. The club has close to (1400 +/-) members. At the Annual Meeting we have had the following attendance levels, derived from the newsletter:

2017 (112), 2018 (129), 2019 (124), 2020 no meeting COVID, 2021 (90), 2022 (97)

(member meeting minutes continued on next page)

# OGC October Member Meeting Minutes

## OGC Member Meeting (continued from previous page) October 11, 2023

So, based on (1400) members, we have a range of 6.4 % to 9.2 % attend or 90.8 to 93.6 % of the potential membership doesn't even attend that once a year meeting. If we think extensive AV efforts will inspire a much greater level of interest, we are only fooling ourselves. This is just one challenge to the proposed bylaw.

Member spoke about the previous experience with ATF wanting to use our club and having outside media record their test at the club. The member indicated we are a private club and would not want outside media free access to our club, nor would we want the ATF to know why we did not let them use our club. We also consider the privacy of the member to use our club and not broadcast this to everyone. Member asked why do we want to place this audiovisual procedure in the Bylaws? The procedure should be a volunteer effort by a member that wants to do this monthly if the membership agrees it should be done. Member indicated this should not be in the Bylaws. Austin indicated if it is voted on, he would volunteer to do it. A member indicated his company has software for \$1500 to automatically record their meetings.

Change 3, Change 4. Not discussed but the meeting moved on from here.

Austin indicated he will be putting changes in the next newsletter. It should be noted that amendments to his changes were not formally made by the members.

- A. Per the Bylaws the changes are to be published in the October newsletter prior to being read and discussed at the October and November regular member meetings in preparation for voting at the annual meeting. Amendments can be made to the original Bylaws proposal with the approval of Bylaws by the author.**

**March 1 Question:** member questioned why March 1 date is used for calculations of Rule of 75 and Honorary. It has been used since the start of the club. It is based on the payment of dues up until February 1. Then March 1 is the actual count of members renewed and can be used to schedule service hours. It was also used years ago to determine how many new members could join the club based on our membership cap. We have not reached our cap for many years.

**Elementary School update:** Tom Acheson reported on the meeting with the school Board group. They requested a meeting with us with no agenda. There were two representatives from the school board and four of us (Gail, Byron, Herb and Tom A.). This was not a Legal meeting but a community relations effort and the visitors are not the "decision makers". The meeting was held in the OGC classroom. Things addressed by us were youth things including High School Trap, membership, public range use, etc.

Heavy emphasis was on safety. We also listed the CUP (Conditional Use Permit) with the city and the fact there is no record of safety violations. Also, EVERY member is a Range Safety Officer. They did most of the talking. Byron and Tom A. gave them a tour of the club pointing out the steel baffles, berms and plastic curtains used for safety and noise control. It was emphasized that all guns are pointed facing north only and the school would be 90 degrees to the east. In addition, the 22 acres to the east of our range was purchased as a buffer between the club and existing houses. They liked that aspect. The two topics the visitors wanted to learn was safety and noise reduction. They appreciated and fully understood our efforts. The next phase is the Vote on Oct 17 to pass the school facilities bond request. It may pass or not. They did not have a lawyer with them. One of our members asked that a lawyer should be present at the meeting. We suggested a lawyer was not needed. An expense we don't need right now. If there is a problem our insurance would hire their own lawyers and ours would not be needed.

**Member raffle:** Byron, winners of \$10 are #14 Les Westberg and #30 Dan Jamison.

**Motion to adjourn** 08:55 PM. Duane Wilhelm, Secretary, OGC

# OGC October Board Meeting Minutes

## OGC Board Meeting

October 11, 2023

Meeting started at 8:03 PM by Vice President Byron Patterson  
There were 11 Board members, the GM present.

**Trap range request: Byron:** Person wanted to rent the Trap range. We don't rent the ranges. The person was informed of the open to the public trap range during public hours.

**Nomination Committee:** A board nomination committee must be appointed by the president per the Bylaws. It consists of the Secretary, one Board member and three club members not standing for election. It will be published in the November Newsletter.

Member asked about the absentee ballot. The Ballot will be published in the December newsletter of members running at that time. Nominations can be from the floor at the Annual meeting but will not be part of the absentee ballot.

**2025 Dues increase.** Byron indicated the Board should set dues increases for 2025. He asked for an increase of \$50 across the board for the membership fee with \$25 designated for the reserve fund. Reserve fund can be used for legal battle and other needs. Tom Mader talked about using a special assessment for one year only. There is nothing in the Bylaws about doing a special assessment. The membership renewals have already started so hard to do any assessment this year. Duane indicated we could ask for voluntary member donations that would be marked for the special funds for emergencies.

This would be voted on at the Annual meeting. Discussion followed by members present. The last dues increase was at least 5 years ago for \$25. We know the revenue has been down since covid and ammo price increases. Member asked about why the \$50 number. Do we know how much we should ask.

We don't know numbers now but we use \$50 as the increase.

**Motion:** motion made to ask for dues increase for 2025 of \$50. Seconded. Majority voting aye.

**Trap:** Byron, lead reclamation. In the past meetings lead reclamation has been discussed. Should we plan an increase to trap prices to earmark an amount for Lead reclamation. There are EPA laws for this. We should have a plan for this. The plan should have a schedule for management reclamation. Herb Owen indicated a company did come in to assess the amount of lead. Hard to assess the berms vs the trap range. There could be enough to pay for the reclamation or we could end up with a bill. Member asked is EPA came here or we are proactive. There is no EPA reason to do now. We looked at lead years ago and found correct ph. level causes the lead to encapsulate the lead and does not leach into the soil.

All you can do is calculate the number of rounds fired and try to estimate the amount that could be reclaimed. We could have an additional cost for trap for a fund for reclamation. Member indicated we need to inform the membership of the amount of revenue to support the club activities before increases. We are located in the middle of the State only 10 miles from the capitol paying the highest taxes in MN area. We cannot move far enough away to be able to purchase land for range use. This was for discussion only.

Meeting adjourned at 9:20 PM.

**Duane Wilhelm, Secretary, OGCS**

# Proposed Bylaw Changes

## 2023 Proposed Bylaw Revisions

The Board of Directors shall hold a final vote at the November 2023 Board meeting to recommend or not recommend the proposed/amended bylaw changes. The final vote results will be posted in the December 2023 newsletter in preparation for membership voting at the annual meeting.

### Proposed change by Byron Patterson

Article VI: Officers, Board of Directors, Executive Committee and Employees

A person must have been a member of Oakdale Gun Club for one consecutive year in order to be eligible to be elected to a position on the Board of Directors. A member who has been voted off the Board of Directors through the Expulsion and Suspension Process as provided for in Article VIII shall not be eligible to be elected to the Board of Directors again until a minimum of five consecutive years of membership has passed. All officers and directors of the club, except the immediate past president, must be elected by a majority vote by secret ballot of the eligible voting members at the annual meeting of the club as specified in Article V (C) of these By-laws.

The Board of Directors recommends this proposed addition to Article VI.

### Proposed change by Austin Harris Change 1: ADDITIONS.

Article V: Meetings

#### Amended proposal

**G: Live Broadcast of Club Meetings and Remote Participation:** All General Membership and Board meetings shall be broadcast live to all members. The method of broadcast shall be adopted into policy in the member handbook.

1. Upon enactment of this article there shall be a period not exceeding 3 months to allow research into solutions, with an additional 2 months following to allow implementation and adoption of relevant policies.
2. Methods allowing members not physically present to participate in discussions and voting shall be researched with no time limit on implementation.

#### Original proposal

**G: Live Broadcast of Club Meetings and Remote Participation:** All meetings for which the general membership may attend shall be broadcast live via freely available and secure collaboration software (IE: Microsoft Teams, Zoom). Opportunities must be made available for members to virtually attend and participate in voting. Members attending virtually may be asked to prove membership via display of badge, member number, email address of record with the club, or other means.

The Board of Directors does not recommend the use of live broadcasts or remote participation without further investigation.

A test or a pilot program for a new method for member and board meetings is not appropriate as a bylaw.

## Proposed Bylaw Changes

Change 2: ADDITIONS.

### Amended proposal

**H: Audiovisual Recording of Club Meetings:** All official General Membership, Board, and Executive Committee meetings shall be recorded by audio and/ or video means. The exact method(s) by which the meetings are recorded shall be adopted into policy in the member handbook.

All recordings must be accompanied by screen captures and/or digital copies of any documents presented.

Archiving and distribution of recordings and accompanying files shall be managed by the club Secretary and IT Director as part of their duties.

All recordings and accompanying files shall be made available to any member in good standing within (7) days of request; unless an extension is approved by the requesting member. The method by which these recordings are made available shall be adopted into policy in the member handbook.

All recordings shall be securely backed up on an Oakdale Gun Club owned device.

These recordings shall be considered sole property of the club and shall not be distributed outside of the club membership.

Recordings and accompanying files shall be retained by the club for a period of no less than (2) years from the date of recording.

In the case of dissolution of the club; all recordings shall be securely erased from the servers no sooner than (1) month and no later than (6) months after the final meeting.

Upon enactment of this article there shall be a period not exceeding 3 months to allow research into solutions, with an additional 2 months following to allow implementation and adoption of relevant policies.

The Board of Directors does not recommend the Audio/visual Recording of Club meetings.

This request would incur costs to the club and needs to be moved into Project status to determine;

- Costs incurred?
- Added responsibilities to board member(s).
- How many members would use it?
- Privacy rights for members and board of directors.

After the project work is completed, it can be presented to the Board of Directors for a vote.

## Proposed Bylaw Changes

### Original proposal

H: **Audiovisual Recording of Club Meetings:** All official meetings of the club, including but not limited to Member, Board, and Executive Committee meetings shall be video and audio recorded and made available for viewing through the member portal.

The recording methods shall be:

1. Camera(s) covering the board member table(s) and the member seating area(s).
2. Microphone(s) for the board table(s) as well as room, table, podium, and/or handheld microphone(s) covering the general membership in attendance.
3. Screen Captures of any documents presented.
4. Scans of handheld documents.

An announcement must be made at the start of each meeting that anything following the announcement will be recorded. A sign must be conspicuously placed on the entrance to the meeting room to notify all members who join after the meeting has begun.

At the conclusion of the meeting, a vote must be taken to end the recording to ensure that all members in attendance have been able to address any topics they wish to discuss during the meeting. When no further topics are brought up for discussion, an announcement must be made to end the meeting.

These recordings shall be made freely available in video and audio format on the member portal of the club website. This task shall be assumed by the club secretary as part of their duties for recording the meeting minutes, with assistance from the IT Director.

A notification shall be published in the meeting newsletter as to where in the member portal the recordings are available. The direct link shall not be published to prevent unauthorized disclosure.

These recordings shall be considered sole property of the club and may not be distributed outside of the club membership.

These recordings shall be retained on the website for a period of no less than (2) years from the date of recording.

In the case of dissolution of the club all recordings shall be securely erased from the servers (6) months after the final meeting.

## Proposed Bylaw Changes

### Change 3: CHANGES

Article VI: Officers, Board of Directors, Executive Committee and Employees

E. The Executive Committee of the Board of Directors consists of the president, vice-president, secretary, treasurer, chief instructor, chief match director and safety & security director.

The Executive Committee of the Board of Directors has the authority to act for the Board in the areas of:

- a) Administrative issues affecting the day to day functioning of the club that cannot wait for a board or member meeting.
- b) Financial matters totaling less than \$5000 unless pre-approved by a vote of members at a regular meeting or a special meeting with (15) day prior written notice provided to the general membership.
- c) Legal issues when under the guidance of a legal professional.
- d) Issues constituting an immediate safety and/or security risk to the club

The Board of Directors does not recommend the following proposed changes (change 3).

The Board of Directors does not recommend the proposed changes to authority of the Executive Committee.

b) Financial matters: The Executive Committee should maintain authority on financial matters less than \$5,000 to maintain the operations of the club. There may be incidences where equipment may need immediate repair or replacement, a service or vendor may be required, a safety/security or IT function may need to be addressed.

Waiting for member votes or waiting 15 days for a special meeting would not be appropriate.

c) Legal Issues: change proposed language to with guidance of legal professional when appropriate.

The authority of individual members of the Executive Committee to sign checks or perform other routine financial matters is outlined in Article VII, D of these By-laws limited to projects of less than \$5000 in total unless pre-approved by a vote of members at a regular member meeting or a special meeting with (15) day prior written notice provided to the general membership. In accordance with the requirements of Minnesota law, the club secretary will keep minutes of the Executive Committee and maintain them with the official club records. Minutes, with the exception of privileged legal discussions, must be available to other board members and club members in accordance with the requirements of state law. The secretary shall recap actions taken by the Executive Committee at the immediately following board meeting. The Executive Committee may not hold meetings to vote on expulsion or disciplinary actions against other members except to issue temporary suspensions in cases of an immediate safety or security risk to the club per Article VIII Section F.

The Board of Directors does not recommend this proposed change in its current language as it needs further explanation by the member making the proposed change.

Discussion required November member meeting.

## Proposed Bylaw Changes

### Change 4: CHANGES

#### Article VIII: Expulsion and Suspension

A. Any officer or director can be removed from office by a vote of a two-thirds (2/3) majority of the eligible voting members present at a special member meeting called for the purpose of hearing arguments on the matter. No vote on removal from office may be taken unless at least fifteen (15) days written notice has been given to ~~the officer or director~~ **all members** stating the reasons for their proposed removal **as well as the date, time, and location** of the special meeting. The officer or director must be given a full hearing by the membership present at the meeting before a ballot regarding their removal is to be taken. A report of the results of such ballot must be presented to the general membership in the club newsletter. **This meeting must be open to all members. Any officer or director removed from office by member vote may not be elected to nor hold an officer or director position as defined in Article VI Sec. B. for a period of no less than (5) years.**

The Board of Directors does not recommend the proposed change.

The Board recommends Article VIII: Expulsion and Suspension should be reviewed thoroughly in 2024.

Guidelines need to be established. No member should be able to accuse another member without documented and validated proof of the accusation(s).

B. ~~Senior, regular, honorary and associate~~ **All** members may be suspended or expelled from the club for a cause deemed sufficient by a two-thirds (2/3) majority vote of the Board of Directors present at any regular or special board of directors meeting. No vote on suspension or expulsion may be taken unless at least fifteen (15) days written notice has been provided to ~~the member~~ **all members** detailing the charges brought and of the time and place of the meeting that such charges will be considered. The member being charged must be accorded a full hearing at such meeting. In cases where the action determined by the Board is suspension, the period of the suspension must be agreed upon by a two-thirds majority vote of the Board.

The Board of Directors does not recommend this proposed change in its current language.

The board of directors suggest a change in the first sentence; **All** members should be changed to **Any** member.

Discussion required at the November member meeting.

C. Charges against any officer, director or member may be brought by any member in good standing. The charges must be in writing, clearly stating the relevant facts, and accompanied by any affidavits supporting the charges. The secretary shall provide at least fifteen (15) days' notice of the special hearing meeting to ~~each member of the Board, the accused and the accuser~~ **all members**. ~~In the case of charges against an officer or director, the fifteen (15) days' notice of the special meeting must be made to the general membership as well.~~ The notice must be in the club newsletter and include true copies of the charges and supporting affidavits or exhibits.

The Board of Directors does not have issue with this proposed change.

## Proposed Bylaw Changes

D. Any ~~senior, regular, honorary or associate~~ member suspended or expelled by action of the Board of Directors may appeal to the full membership of the club. Such appeal must be made in writing to the secretary, who will notify the president. The president shall call a special meeting of the club for the purpose of acting on the appeal. The secretary shall provide at least fifteen (15) days written notice to all club members in good standing stating the date, time, place, and reason for such special meeting. At the meeting, the secretary shall read the original charges, any supporting affidavits, and the minutes from the board of directors meeting at which the charges were heard and the action taken. A full hearing must be provided to the appealing member and the accuser, or a representative of the Board selected to present the board's arguments. A vote must be taken where the final decision concerning suspension or expulsion requires a majority of the eligible voting members present at the meeting.

The Board of Directors does not have issue with this proposed change.

E. ~~Any officer, director or member of the club who has been suspended or expelled by the National Rifle Association of America is automatically suspended or expelled from the Oakdale Gun Club immediately upon receipt of official notice from the National Rifle Association.~~ Any member who brings an accusation against another member, officer, or director in good faith shall be protected against retaliation. No member, officer, or director who has been accused may be included in disciplinary vote against the accuser for a period of (1) year from date of the special meeting called to address the accusations. Any member, officer, or director found to be acting in retaliation shall be subject to disciplinary action per sections A, B, and C.

The statement in red text is recommended by the board of directors to be removed from the official bylaw document.

The Board of Directors does not recommend the proposed change in green text in its present language.

Recommendations from the Board of Directors for Article VIII: Expulsion and Suspension would be to add parameters to the process.

1. The burden of proof is on the accuser.
2. Either use the Executive Committee or establish an Expulsion and Suspension Review Committee to investigate allegations and make a determination that there is merit to the accusation(s), the accuser has provided verified documented proof of what they allege did actually occur or not occur before any proceedings for expulsion or suspension can begin. Allegations/accusations cannot be based on hearsay, personal opinions or personal ill will against another member.
3. The proposed committee in #2 above should also make the determination concerning retaliation efforts.

Discussion required at the November member meeting.

F: Neither the executive committee nor any other special committees have the authority to hold any special expulsion or disciplinary meetings except to issue temporary suspensions pending a full meeting in cases of immediate safety and security issues to the club.

The Board of Directors does not recommend the proposed change in green text at this time.

Needs further explanation by the member submitting the change.

Discussion required at the November member meeting.
