President's Message

I want to extend a huge Thank You to all the members, past and present, that have contributed their time and resources to create this outstanding club. Teresa put together a great spread of food for the social hour immediately before our April Meeting. Combine that with Jack doling out the new badges, we had a great turnout! This was a great opportunity to meet members and learn about the many programs and events that are offered at the club. Talking to Jim Finch who runs the Glock match, I learned that we have hosted this match for 33 years. Of the hundreds of Glock matches that are held throughout the country, Oakdale Gun Club has been hosting the longest!

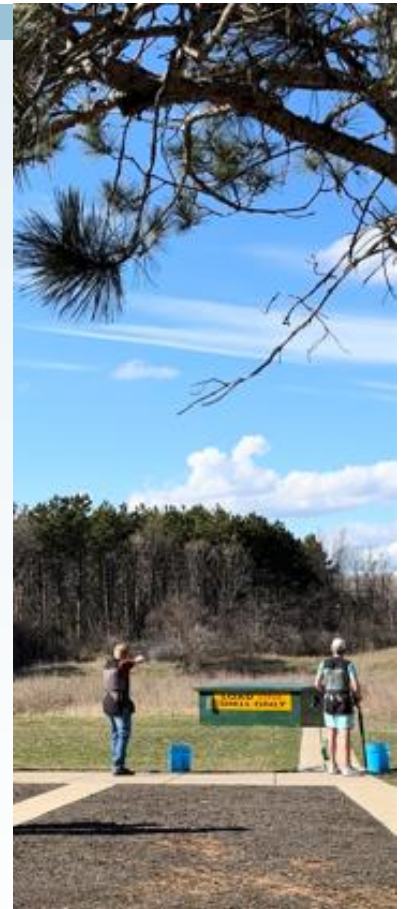

Use the club and take advantage of all that is offered. Introduce yourself and thank that member for what they do. Remember, EVERYONE is or has contributed their most precious commodity...TIME.

Glock Match May 18 - 19

The GLOCK Sport Shooting Foundation (GSSF) is a safe, fun, family-oriented organization devoted to the responsible use of GLOCK firearms and encouraging participation in shooting sports. Competitions are held across the United States to provide opportunities for shooters of all skill levels and experience to compete together in simple, but challenging courses of fire. Oakdale Gun Club has sponsored GSSF matches since the early 1990's. We were one of the first gun clubs to host the matches and have the record for the longest contiguous host at the same location. This event brings in visitors to the range from all over the country and is a great showcase for our club. For more information, please check out the match information and range officer information at <https://gssf.pro>

2024 Introduction to Firearms for Women

Public is Welcome!

Would you like to learn about handguns, rifles, and shotguns?

This 1 evening + 1-day informational workshop, taught by certified safety instructors, is a way for Women to get their basic questions about firearms answered in a safe, friendly, casual, women-only classroom environment. Note: Instructors are both Female and Male.

The workshop consists of one evening and one full day: evening is classroom discussion and Saturday morning is “hands on”. Then experience an afternoon of live fire range time on Saturday afternoon.

You do not need to have any previous shooting experience to take this class or own a firearm. This is a basic introductory class, no certifications earned.

A wide variety of firearms will be provided at no extra cost for those who wish to try them during the range session. This course neither promotes the ownership of firearms nor will any be offered for sale during the course. This class is open to the public. You must be at least

18 years of age to take this class, unless accompanied by a parent or guardian. Other restrictions may apply.

The cost of this course is \$50.00 (includes: class materials, firearm rentals and ammo) and must be prepaid to hold your registration. The class is limited to 30 women on a first come basis.

For Registration information or if you would like any other information, please contact:

Precision Handloading at OGC - Part 2

Tom Acheson, Chief Match Director

This is the second part of the Handloading article seen in last month's issue

Misconception #1 "cast bullets must be weighed" Not true....if you get on the CBA or Shiloh Rifle forums, everyone there is shooting cast bullets. That subject is discussed to death with many stating that lots of group testing with unweighed random bullets, showed no gain to weigh bullets. And many of the Shiloh shooters engage in matches out to 500-meters or 1,000-yards. But...some persist in doing it because they are convinced otherwise.

Footnote....if you weigh you can use them all, not just those in a narrow band of weight. Just put the lighter ones in the first bullet box, and as you transfer the weighed bullets to boxes, work your way to the heavy end of the weighed range. During the match season, work your way through the boxes, shooting the lightest first, finishing with the heavy bullets.

Misconception #2 "the fastest velocity is the most accurate". Many people have convinced themselves, through exhaustive testing, that the fastest muzzle velocity is seldom the most accurate. I proved that to myself with quite a few guns and a chronograph.

5-round 100 yard groups using cast bullets

Misconception #3 "you must clean primer pockets before seating a new primer". Again, lots of independent testing revealed there is no accuracy advantage. And as above, some persist in doing it because they have convinced themselves that cleaning the pocket must be important.

Misconception #4 "cases must be annealed to develop uniform case mouth neck tension". True, that could be one reason. However, the majority of shooters do it to extend the life of the cases. Some older black powder cartridge cases can cost \$2 or more each. That alone is incentive to prolong case life.

Precision Handloading at OGC - Part 2

Tom Acheson, Chief Match Director

Misconception #5...“cast bullets are not very accurate”. Curious? Go to the Cast Bullet Assn forum, go to matches, go to National Records, go to Benchrest and finally look at the 5 and 10-round groups. (The score records won't mean as much to most people.) Those small groups might surprise you.

Want to spend a lot of money on reloading devices to weigh cases, check case volume, measure bullet to case runout, measure case mouth tension, measure primer pocket depth and tightness, etc.?

It can be done and specialized handloading tool firms will sell you whatever you think will get you that magic, perfect ammunition!

Just some examples above of “debate topics” among shooters. And that's why it's called a hobby and not a vocation. Each shooter is a student who studies, reads, loads and tests to satisfy their own curiosity and theories...for fun...not to dispel another shooter's opinions.

Years ago there was a BoD position called Technical Director. Prior to the start of each general membership meeting @ 6:30, he put on a technical talk. That was Dick Larson (Duane and maybe a few others will remember him). He was a small arms expert/technician working for Honeywell, doing world wide travel. His sessions were really varied and interesting. After Dick passed away, the BoD position of Technical Director was dropped. It took a lot of work and required a very broad level of gun/ammo knowledge.

Mike Barrett, a club member, put on a live, actual molten lead, bullet casting demonstration.

Today the club could repeat that practice by having various members taking turns to present a specific handloading topic prior to the membership meeting. It would not have to be done @ every meeting or always done by the same person.

What is the Postal Match?

The OGC Postal Match is great fun, gives shooters a goal to achieve as well as a reason to practice and improve his / hers shooting skills. The term "Postal" refers to the manner by which targets are exchanged, the US Mail. The Postal Match works like this;

Shooters choose only the events they want to participate in. Fee per event is \$5.00 and the deadline for entries is June 15, 2024.

The events are:

- Handgun (Revolver) @ 10 Yards, open sights, timed fire.
- Handgun (Autoloader) @ 10 Yards, open sights, timed fire.
- Handgun (Rimfire) @ 10 Yards, open sights, timed fire.
- Handgun Unlimited 100 Yards, any caliber, any sight.
- Lever Action @ 100 Yards, scope, timed fire.
- Lever Action @ 100 Yards, iron sights, timed fire.
- Rimfire Rifle @ 100 Yards, scope, timed fire.
- Rimfire Rifle @ 50 Yards, open/iron sights, timed fire.
- Hunting Rifle (.270 Min Cal) @ 100 Yards, scope, timed fire.
- Hunting Rifle (.270 Min Cal) @ 100 Yards, iron sights, timed fire.
- Varmint Rifle @ 200 Meters, scope, timed fire.
- Varmint Rifle @ 200 Meters iron sights, timed Fire
- Black Powder Cartridge Rifle @ 200 yards. Scope, timed fire.

**Once you have chosen your events and filled out the entry form,
mail the form including fees (\$5.00 per event) to:**

Don Nelson

OGC Member Meeting - April 10, 2024

Meeting started at 7:00 PM by President Bob Lawrence.

There were 47+ members present.

Pledge was said.

Bob started out the meeting recognizing Teresa for organizing the special 2024 Badge pick up party and all the work by her and others for the refreshments.

Secretary Report: Duane made a motion to approve the minutes from the March 13 member meeting as written in the Newsletter. Second by Bob with a majority of those present voting aye. No opposed.

Treasurer: The treasurer report was displayed on the screen for all to read. John pointed out the items to pay attention to in the report. He explained the revenue reported at this time of year is due to the membership renewal. We will not be receiving more revenue going forward until we are open to the public. He noted there are expenses we will incur later in May that will limit us to spending. He went through February, March, April, and May expenses that we know of and note more money going out than in. He has paid the property taxes and Washington Co Fair expense. There will be other costs such as trap birds and Teresa has been able to find a better price for them. Bob noted one way to get more revenue is to get new members in the club. New member classes are ongoing.

Vice President Report, Austin: Sign-ups are out with gate guards filling up fast. Later need guards for Firearm safety an open trap. RSO sign up is open. Make sure when applying you are in 2024 sign up. He did a walk through the club with club members on Sunday noting items needing attention. More on that later.

GM, Teresa: Ladies class June 5 & 8. She does need volunteers for that event. A reminder that Paul and Les are putting on a Bullet casting clinic on May 4 starting at noon. It is free but they would like to know how many are attending so contact Teresa. There will be some changes in the trap area as there was an incident where a student got dizzy and 911 was called. We realized as a result we need an emergency procedure to follow. She will be installing signs of the basic things to do in emergencies. When dialing 911 it is important to note our location as the cell tower may not be correct. You must include the address of the club and not just the name. There will also be a first aid kit in the trap area. A member mentioned to note information for the responders of car to follow at the gate. Teresa noted the police and fire have been very kind to us when needed. She would like to donate one day to the Sheriff Dept and one day to the Fire Dept of the receipts from our opening weekend on July 6 and 7. We could use this as a marking blast for our opening. A member made a **motion** to accept Teresa's plan. It was seconded with a majority of members present voting aye. There were no opposed. She will be contacting the departments to see if there is something they need and put it in the marketing. Austin added maybe the departments could bring some equipment to the club that day. A member asked about having a day for dads to bring their kids to shoot air guns on the range. Teresa added the kids are required to have a FAS permit to be able to shoot on the range.

President, Bob: He will call on the Directors to give their report.

Chief Instructor, Dan: Had 3 member classes this year so far. The next class is April 25. Hope the class fills up. Need tour guides for the next class with an E-blast going out for it. After that the next class will be in June. He is looking at putting the new member class online some time later. He had a question about a trap class, and he is willing to hold a class.

Match, Tom: Match dates are all set and in the newsletter. NRL22 matches are held on the first Saturday every month starting in January. Looking at the 100yd range, that is a little different than the current layout. No plan so far for any changes and no money has been allocated.

Safety & Security, Jack: Badges are done and lots of badges were handed out before the meeting. Thanks to everyone that helped him. Hopefully we saved a lot of money by not mailing the badges. Trap badges are completed and handed out. Trap badge allows entry only when student shooting on range. Next will be to send out the badges not picked up.

Building and Grounds, Dean: The place looks nice. If you have any suggestions let him know. On Thursday the 50, 100yd, and 200yd will have limited access to allow preparation for storage area for NRL22 equipment. He asked about having a roof over the concrete area on the short range. Grants have been sent in. Will wait for the grants to come in.

OGC Member Meeting - April 10, 2024 (continued)

IT, John: There was not a turnover of info when he accepted the job. He has been trying to learn how things have been set up. He has been working with Neal and Duane to get all the members done. Has had issues with the web site. Anyone with knowledge of WordPress could help. Need to have a WordPress expert.

Long Range Planning, Herb: Submitted a grant. Grant would be a 50% fund for the project. Have list of projects. ADA requirements and FAS equipment are part of the grant request. He will publish the final project list in the newsletter. Anyone with ideas for projects contact Herb.

Legislative, Eric: He had some medical issues and was not present.

Marketing, Mike: Thank you to Jeff for getting the 2024 Brochures and Banners out. Meeting with photographer, looking at creating 30 second spots for club house on trap safety etc. Trying to look at how we do marketing. There are a lot of opportunities and things in the hopper.

Newsletter, President: Bob, first off, big hand for Jeff for the great newsletter he created. Jeff acknowledged he wanted to make sure with where he has taken the newsletter. Everyone seems to agree with the great newsletter.

Trap, Val: Bob gave a report for Val. Val has handed out the badges for the student gate entry which will end the need for gate guards. She will follow up on how the badges are working. 6 schools and Washington Co 4h using trap range. Open trap starts April 18 and novice trap starts on May 1.

Youth, Joel: Currently in house FAS going on with 30 kids attending. About 50 kids signed up for online firearms safety class in April. More in person classes are set for later and in the summer. Any FAS instructors that would like to do a monthly class he has months for in person classes. Call for any decoys not wanted please donate to the club.

Past President, Gail: Went thru the transition from previous year with John and Mike. She is always available.

President, Bob: Addressed the current directors, to try to look at having someone work with you. In case of problems there is someone to step in to continue your job.

Old Business:

School: Bob talked with interim City Planner from Lake Elmo. There is a state statute that protects gun clubs from being pushed out. He talked with person planning to do a sound study. He indicated he thought it is a terrible site for the school. The Study is set for May 18 and Bob asked for everyone to come out and shoot on that date.

Bylaw committee: In process to make the changes this year.

Policy Committee, Austin: Procedure is to form changes at the meeting prior to the member meeting. Then read the changes at the member meeting. Then publish the changes in the newsletter. Then vote on the changes at the next meeting. Austin then read the changes presented at the March meeting and published in the newsletter to be voted on at this meeting. They include MEETINGS policy change **Motion** was made to accept this change as presented in the newsletter. Seconded majority voting aye. No opposed, CLUB POLICY change **Motion** was made to accept this change as presented in the newsletter. Seconded majority voting aye. No opposed. ALCOHOL AND DRUG policy change **Motion** was made to accept this change as presented in the newsletter. Seconded majority voting aye. No opposed. SHORT RANGE policy change **Motion** was made to accept this change as presented in the newsletter. Seconded majority voting aye. No opposed. OGC CONFIDENTIAL policy change. **Motion** was made to accept this change as presented in the newsletter. Seconded majority voting aye. No opposed.

New Business: Austin read Policy changes for the next newsletter were read. The change for the Class III shooting authorization were read but was going to be discussed more. The changes will be printed in the newsletter for member discussion.

Other: Member asked about a list of FFL members in the club. Teresa said she has a list and is available to members.

Motion to adjourn: 8:13 PM meeting adjourned. Duane Wilhelm, Secretary, OGC

OGC Board Meeting - April 10, 2024

Meeting started at 8:24 PM by President Bob Lawrence.

There were 10 board members and the GM present.

A quorum of Board members was present.

Secretary Report: A **motion** was made to accept the minutes from the March 2024 Board meeting. John seconded; the minutes were approved as printed in the newsletter.

Old Business:

Grant Project list: Bob, need to prioritize list. Herb, Dean John, Austin asked to work to prioritize the list. Bob also asked Tom A. to be on the Committee. Herb will be in charge. Need to find which school will be involved in the grant next year.

Website Management: need to send out a E-blast to find a member that knows WordPress. Discussed the web and the problems from the past and multiple apps that need to be updated. Problem is updating one breaks the other. There is a lot of questions about our website. John M. is willing to help but is not an expert in WordPress. Lots of discussion on what to do. Contact other clubs to see what they use. Michael asked one week to find a company.

Banner on front gate: Dean has member to make banner. He is a good guy to work with. Discussion followed. Put sign up on back side of current sign. Austin would pull permits.

Club Picnic: Poor turn out last year. Cost too much money. No picnic this year.

Annual Meeting Date: Austin asked about looking at other locations. Possible Cottage Grove VFW. December 7 or 14 per the Bylaws. Duane to pursue.

Short Range Roof: discussed already. Need design for roof and design for ramp for the Marah building. We do have a ramp. John would like to move ramp to next year.

Coupons: no coupons. Did not work in the past. Teresa makes gift certificates to hand out when needed.

New Business:

Woodbury Chamber Membership: Bob has been a member cost would be \$255.00 to join. Bob made a **Motion** to join the Woodbury Chamber, seconded majority voting aye. No opposed.

Washington Co Fair: Joel, does the fair generate members? Is there a benefit for us being there? We are currently signed up. Bob would like the exposure there.

Facebook: Bob would like to see regular update to our Facebook page. Michael said he will maintain it. Could help generate new members. Discussed **Tic Toc** also. Have to be careful with it. Google is another.

Motion to adjourn: 9:12 PM meeting adjourned.

Duane Wilhelm, Secretary, OGC

5. Firearms must be handled in such a manner that a fired shot will not travel over the berm or embankment at the back or sides of the range. Members shooting over the embankment face sanctions up to and including immediate termination of membership.
6. Absolutely no horseplay of any kind permitted on OGC range property.
7. No handling of firearms while the line is **'Safe'**. Everyone must remain behind the Yellow Line on the range while people are downrange no exceptions.
8. A muzzle loading firearm is considered Safe only when there is no powder, ball, or percussion cap in or on the firearm. (See Appendix on Black Powder Safety Reminder)
9. Rapid fire is allowed as long as the shooter shows complete muzzle control.
10. Shotguns fired on any rifle/pistol range must use slugs only. All shotgun patterning must be done at the patterning board located in the trap range. **Exceptions must be approved by board before event.**
11. On **NON-PUBLIC range**, multiple firearms maybe on the shooting bench. Only 1 firearm can be loaded.
12. **Drones** – Drone Pilots must obtain written board approval (email OK) and follow all state and federal guidelines.

Safety Rules and Range Use

Transporting Firearms

1. All firearms must be unloaded and encased when moving between the shooter's vehicle and the firing line.
 - a. Exception for Trap shooters may uncase in the shotgun parking lot and safely carry directly to the gun rack on the Trap Range with actions open and muzzle in safe direction.
2. All firearms must be unloaded and encased when moving between ranges.
 - a. Exception permitted for certain types of competitions. See "Competitive Events".
3. New shooters coming onto a range already in use must leave their firearms encased until the range is 'hot'. See "Range Officer Commands"
4. Muzzles must be pointed down range at all times, except when racked, including when uncasing and re-casing your firearms. Racked and tabled guns must have the actions open.
5. **Only licensed police officers and persons with a permit to carry may carry in open holsters acting under the terms of a valid carry permit. A holster is considered a case and can only be uncased on the firing line when 'Hot'.**
6. Some competitive events such as practical pistol require the use of holsters. Pistols are to remain unloaded except as authorized by the match rules.

OGC STORE IS OPEN

OGC Store is doing the best it can to provide ammo. Unfortunately, Magtech is working on allocations for all of their customers. We have to ration our sales to members. We will be getting more ammo but do not know how much or when. So you should not question the allocation you are given. Thanks for understanding the problem.
